The economy of Iran is a mixed and transition economy with a large public sector. It is the world’s eighteenth largest by purchasing power parity (PPP), with some 60% of the economy centrally planned. Oil and gas production, although over 40 industries are involved in the Tehran Stock Exchange, one of the world’s best performing exchanges in the past decade, are the most prominent. Even if Trump manages to duck the impeachment bullet, he seems extraordinarily tightly boxed in on economic policy. A fundamental concern is a Gordian knot involving major exporting nations. Somos Primos is dedicated to Hispanic heritage and diversity. Dear Mimi, I want to thank you for the great opportunity that Somos Primos provides for the preservation and advancement of Hispanic culture.
