The Toyota FT 86 G Sports Concept is a modification of the Toyota FT 86 concept manufactured jointly by Toyota and Subaru and shown at the January 2010 Tokyo Auto Salon as part of the Toyota G Sports range. The FT 86 G Sports Concept differs from the original FT 86 in the use of carbon fibre panels, a vented bonnet, a large rear spoiler, new 19-inch wheels, and a custom exhaust.

To check whether the Toyota Vellfire fuel consumption fits your needs or not, here are 3 steps to follow:

1. Research carefully on the internet. The skyrocketing development of technology allows you to easily reach user-friendly tools for comparing fuel consumption of several cars.
2. Visit the relevant model page on Toyota. There you'll find all the ads for that particular model in greater detail and also details on how to place your own advert.
3. List all the adverts placed for Toyotas in the modern car parts section on OCC. Pulling together ads that have been placed on the existing specific Toyota model pages to view any of these ads in full or add your own advert.

For Toyota Cars Parts and Spares for Old Toyotas, listed below are all the adverts placed on the existing specific Toyota model pages to view any of these ads in full or add your own advert.
